ANGRY UGLY MUTTS WHITEPAPER

INTRODUCTION

Angry Ugly Mutts is designed to be a legacy brand in the crypto world and beyond.

We are a Community-First project that includes games, NFT's, a cartoon series which will be shopped to major studios and networks as well as a full range of merchandise including clothing, i.e. hats, shirts, hoodies, etc., mugs, toys, comic books and many other items.

At the heart of our project are the stars themselves, *the **Angry Ugly Mutts***.

Starring alongside them is their arch-enemy **Dog Catcher Doug** and their best human friend **Marie (affectionally known as Mutt Lover Marie)**. Other great characters (animal and human) will be introduced to the Angry Ugly Mutts Universe as well.

NFTs

All the awesome characters as well as many of our cool images will be available as NFT's. Angry Ugly Mutts NFTs aren't just really cool collectibles but they will be integral in our games.

With the inevitable popularity of the Angry Ugly Mutts characters, games, cartoons, etc. we can expect an ever-increasing value attached to our NFT lineup.

GAMES

MuttMatch!

Buy, Sell, Trade Your Way To Mutt Millions

**Mutt Mutt Mutt CHING. MuttMatch is the smokin' hot
NFT Trading Game from Angry Ugly Mutts**

Our team is dedicated to developing games that are enormously fun as well as profitable to play.

The first game on tap is MUTTMATCH.

Buy, sell, trade, finagle your way to obtaining various Angry Ugly Mutts NFT combos. Mutt Matches. Hold the right Mutt Matches and you will earn on-going rewards *directly to your own wallet* for as long as you hold them. The more and better Mutt Matches you hold the more you can earn.

Up next will be the VR action video game "Mutts In The Metaverse". Our friends find themselves trapped in a weird metaverse world after entering a tunnel they find under Mutt Alley. Inside this strange metaverse they come face to face with over-powering enemies like *Giant Dog Catchers, Colossal Terrifying Ticks, Killer Cats* and much more. Pick your Mutt and try to make it out of this bizarre world alive.

The Animated Series

Our creative and inventive team is committed to producing an Angry Ugly Mutts cartoon series.

This project will be shopped to major studios and TV and streaming services. We have connections with several studios that we believe may be very interested.

The exposure we can gain through this can be an enormous boost to both our token as well as our NFT's and games.
